>Greetings!

>The legal advisers are now in the process of reviewing the exhibits for

>preparation of the final judgment. We note that the Registry received some

>documents submitted with the Indictments but which were not included in the

>"LIST OF EXHIBITS".

>

>In this regard the Registry is asking all countries to submit a

>supplementary list of exhibits to include all the documents/evidences which

>you have submitted, but which are not in your list of exhibits so that the

>Registry can assign them proper markings and be admitted into evidence.

>Some of the documents do not have English translations. The Court cannot

>take these documents into account in their judgment without said

>translations.

>

>Enclosed is the list of your documents/evidences which were already

>assigned markings by the Registrar for your perusal. If you note any

>inaccurate entry, please inform us immediately by E-mail or fax no. 632
