I'd like to ask for a moment of silence to commemorate 200,000 women who were sexually abuse by Japanese government during the world war II.

You are not forgotten. You can't be forgotten.

Your anguish, sorrow, bitterness is not yours alone. It is ours, our nation's, all mankind's. 47 years of your struggle, your physical pain, psychological ravaging remains with you. But it is not yours alone. It is ours, our nation's, all mankind's.

It shouldn't take 47 years to face the truth of human tragedy. However it is never too late to tell the world what happened those dark days during Japanese occupation.

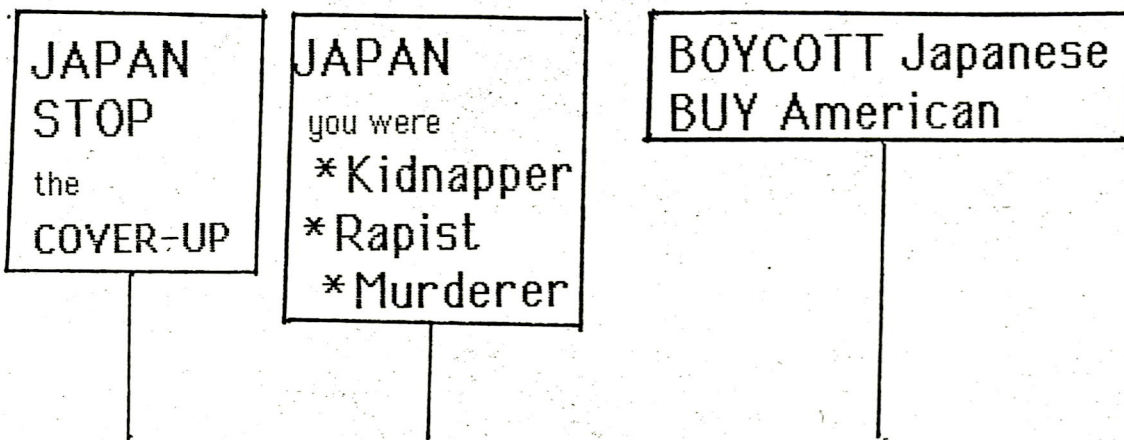

We are here to show you the respect for your endurance. We respect you for telling the **unbearable experience**. It will help all mankind to prevent such a tragedy and it will never happen again on the face of earth.

I'd like to read one of the testimony given by NO CHUNG JA. When I was 16. It was spring. I **was kidnaped** by 7 Japanese soldier. I was shipped to remote war front with 38 other women. I was housed at the place like a horse barn where it was divided by wooden panel. My number was 27. I was called by number. At the beginning I did refuse and resisted. I was beaten badly and my life was threatened to death if I resisted their orders. I was raped 30-40 times on weekdays. 40-50 time on weekend for 2 years before I runaway with the help of one courageous merchant.

There are other testimony which story is much more **horrible** than this one. Many of women was murdered because of their resistance of soldiers orders and many woman was dead of sickness because of the **horrible treatment**.

- 3). We demand The Japanese government **build memorial parks** in the memory of 200,000 ladies at the capital city of each nation, but also at the **Tokyo, Japan**. we demand the Japanese **Emperor** attend each park opening ceremony and make complete public apology to the victims and nations.
- 4). We demand the **organizer** of army brothels to be **prosecuted** not only as war criminal and kidnapper, murderer at international justice system.
- 5). We demand The Japanese government to **change its own history book** to tell the **truth** to their own children.

Until our demand is accomplished, our champaign will continue. We will not stop! Join us and march with us. support our cause.

We, Asian American Association, start to campaign for boycotting Japanese in state to demonstrate our discontent of Japanese Governments **cover-up** on army brothels during WW II.

You even accused your own citizen's((Seiji Yoshida) confession on **kidnapping 2000 women** as mentally ill person. To clear all these mess, you open your own document and tell the truths. Remember that you denied your governments involvement on this matter only 6 months ago.

Your smiling face does not prove your innocent.

We condemn your coward behavior.

We ask all Asian American to boycott all Japanese goods. We will take this symbolic movement throughout the America.

The 200,000 women should not be forgotten. We will fight for their justice until our demand is met.

We, Asian American Association, demand the followings.

1). We demand The Japanese government pay **\$20,000,000**-(\$500 per rape) for reparation to each victim. Not just survivor but also the family whose member have long-since died. Not just Korean, but Chinese, Philippines, Indonesia and other pacific nationals.

2). We demand The Japanese government **open up all the document** that regard this matter.

After you read this horrible testimony, how a man and woman just wait to hope some social justice will be given to them some day. They are not alien. They could be your precious daughters, your mother, aunts, grandmother.

Now I'd like to talk to the most financially successful nation, The JAPAN. to the people who proclaim themselves **NO. 1 civilized citizen** of the world, The Japanese. Let me ask you a question. Would you let your daughter to be rape at any cost? If I guess it right. The answer should be NO. You raped our love one average 40,000 time during their captivity under the order of your Emperor.

Come out of darkness of your history. To forgive yourself, You should pay the reparation for your victims and **tell the truth to your children.** and teach your children not to repeat same crimes you committed.

We, Asian American Association, demand the followings.
