Dear Foreign Participant:

We have been aware that payment for some of our participants residing abroad has been both difficult and costly. To alleviate difficulties for some, we have instigated payments by both Visa and Mastercard for those residing outside the United States. If you decide to pay membership fees or register for the meeting by credit card, please fill in the enclosed authorization slip and return it to us with your card.

Please be aware that we will be unable to accept credit cards on site at the annual meeting and this is a by mail or Fax only situation.

Please provide all requested information. Failure to do so will make it impossible to charge against your credit card. Please enclose this authorization with your membership and / or pre-registration payment.

I hereby authorize the Association for Asian Studies to charge my
