

One Truth

A Hainanese "Comfort Woman" Testifies

Recorded and Directed by FOO Choo Wei

14 minutes / 1998

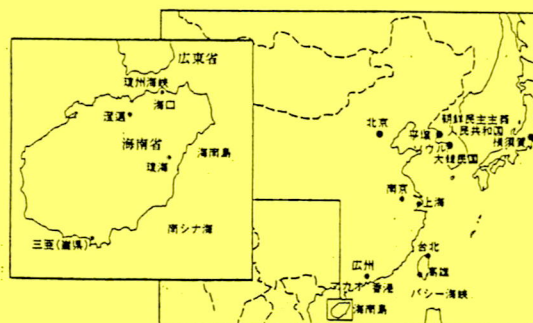

I met Ms. *Zhou Ah Bian* in *Hainan* Island, China in May 1997. She was a 73-year-old Chinese woman.

She once was a sex slave held by Japanese Army during WWII. She was caught by Japanese soldiers when she was 14 at her village of *Zhuguan, Lin Shui* prefecture, and taken to their army camp. There, she would be forced to wash clothes and feed their horses during the day, and raped at night by the soldiers.

Even after 50 years, Ms. *Zhou* still suffers physically and psychologically from her bitter experience under Japanese occupation. This is the first time that she brought up her courage, cried out her story in the presence of a video camera.

Military brothels in *Hainan* Island

The local research revealed there were at least 67 brothels set up by Japanese Imperial Army in the occupied *Hainan* Island during WWII. There were so many "comfort women" in the area many researchers consider it uncountable.
